Ross Silo Filler

The blowing and cutting apparatus on a knife on fly wheel Silo Filler, is the most important part and on it depends the success or failure of the machine. The Ross Blower is equipped with six Angle steel fans or blower wings, (not cast iron, Malleable iron or thin sheet steel) Absolutely no chance for these fans to break on the Ross, whereas fans made of cast iron or Malleable or sheet steel to be of insufficient strength to insure absolute safe y.

The Ross is a rapid cutter and will elevate to the top of the highest silo. Ask any one who has one and he will advise you to buy a Ross. We know you want the best and to get it buy a "Ross." See us

LIGHTNING FLASH HITS MRS. HARLAN; PARTLY PARALYZED

PHYSICIANS, HOWEVER, EXPRESS BELIEF THAT SHE WILL RECOVER.

WAS UNCONSCIOUS FOR A TIME

Still Unable To Use Left Side or Speak—Husband and Children Were in Room at Time, But None of Them Were Injured.

Special to The Herald.

Mrs. Austin M. Harlan, one of the most prominent residents of the Cross Bridges section, was struck by lightning during the storm on Sunday afternoon and partially paralyzed. Mrs. Harlan is conscious, but is still unable to use her left side or speak. Physicians are confident, however, that she will almost completely recover within a short time, although she had an exceedingly close call.

Mrs. Harlan was sitting in her home when she was struck at about 4 o'clock. Together with Mrs. Harlan and the children they were all in the room. Mrs. Harlan was in line between a window and door when she was struck. The others were not even shocked. When she was struck Mrs. Harlan became unconscious and medical aid was at once summoned.

The lightning flash that hit Mrs. Harlan struck a tree in the lot of John W. Cecil on a direct line from the Harlan place about 150 yards distant. During the storm there was an unusual electrical display.

FLORIDA FARMERS WILL PURCHASE COWS AND BULLS

ARE TO ARRIVE IN COLUMBIA ON AUGUST 26, TO INSPECT FARMS OF COUNTY.

THIRTY IN A SPECIAL CAR

After Spending The Morning Inspecting, Buying Stock, Visitors Will be in City Rest of Day—Leave on Night Train for South.

On August 26, at 9:30 a. m., the special car of Florida farmers, coming to Maury county to purchase live stock, will arrive in Columbia. There will be thirty men in the party, each of whom desires to buy something in the county and to see how farming in Maury is done. The party is traveling under the auspices of the Pensacola Journal.

The Board of Trade is in charge of the entertainment of the visitors, and are arranging that a large delegation may meet them at the train. Automobiles are necessary for their transportation; President Sloan has appointed W. P. Ridley, James Ridley and W. M. Tolley, the committee to arrange transportation, securing enough cars to carry the visitors over the county.

On the arrival of the farmers, they will be met at the station by a large delegation of the Board of Trade, together with some of the farmers of this county. They will be at once taken to the farms of W. P. Ridley and James Ridley. Afterwards, they go to the farms of Col. J. A. Chapman, where his dairy will be inspected. Lunch will be served at this place. After lunch, several other farms will be visited and inspected.

At each place live stock will be shown the visitors, and they will purchase bulls and cows and some horse stock. The farmers will be brought back to Columbia in the early afternoon, where they are to remain until the 10:27 train for the south; their stay in the town will afford opportunity for anyone having stock to sell to present it to them for their inspection. The people of the city will thus get a chance to talk to the visitors and to hear about farming conditions in Florida.

SHE GAINED FIFTY POUNDS ON FOUR BOTTLES OF TANLAC

RHEUMATISM AND STOMACH TROUBLE PRODUCED BLUES AND NERVOUSNESS.

APPETITE FELL TO NOTHING

Is Completely Changed After Taking Medicine—Neighbors and Friends Tell Her How Well She Looks—Eats And Sleeps Fine.

"It may sound strange, but I have actually gained fifty pounds since I began taking Tanlac, and I have only taken four bottles," said Mrs. Ella Carter, who lives at 4032 First Avenue, North, Birmingham. Mrs. Carter is the wife of J. B. Carter, an expert machinist at the A. G. S. Shops.

"I had stomach trouble and rheumatism for two years, and was all nervous and run-down. My appetite fell off to nearly nothing, and what little I did eat didn't seem to agree with me. Sometimes I would just feel like I never would want another bite to eat."

"I suffered with rheumatism nearly all the time, too, and this trouble, together with the stomach trouble I had, pulled me down until I only weighed one hundred and thirty pounds. I was so nervous and upset I couldn't sleep hardly any, and I would get so blue and discouraged over my condition I just felt sometimes like I never would get well."

"That's just the condition I was in when I began taking Tanlac—but just look at me now—honestly I have gotten so fat and have changed so, people hardly know me. Everybody is surprised at the way Tanlac has helped me, and all of my friends and neighbors say I look like I have never had a sick day in my life. But that's not all. Tanlac has relieved me of all of my troubles, and I can eat and sleep now as good as anybody."

Tanlac is sold in Columbia exclusively by SMISER, Leading Druggists, on the Square.—(Adv.)

PURCHASED FINE LOT MULE COLTS

R. L. HAYS OF FIRM OF HAYS & WRIGHT, BACK FROM TRIP TO NORTH.

R. L. (Docque) Hays, of the big mule firm of Hays & Wright, returned this morning from Indiana, Illinois and Kentucky, where he and his partner, Mr. Wright, have been for some time buying colts for their customers. Mr. Hays said that he found conditions generally prosperous and the crop prospects good. He purchased a large number of colts. He said that he bought from the same dealers, the same measurements, the same bred colts that the firm purchased last year and which were regarded among the finest ever brought to this market. Colts, however, will cost more this year than they did last year.

His Sixteen Years' Suffering Now Ended

"I can say with the greatest of pleasure that Foley Kidney Pills were the only thing that gave me relief in sixteen years."
Mr. G. W. Henderson of Dingle, Miss., says more than that, too. He suffered with cystitis (inflammation of the bladder). It went on until he reached the point where he had dizzy, weak spells, and sometimes he would almost faint with pain. Of course, he doctored, went off to the mineral springs and drank waters of different kinds, which altogether cost him a large sum of money. Still no permanent relief. Now comes a friend who recommends Foley Kidney Pills, and after using half a dozen bottles, his pains are all gone, he sleeps soundly all night.

When kidney and bladder trouble comes on you and you suffer the pains and aches it causes, have irregular, painful secretions and a burning sensation, take Foley's Kidney Pills at once and you will echo Mr. Henderson's sentiments.
